SPECIAL OPPORTUNITY

Dual Career Programme

The Dual Career Programme is an initiative designed to support students who, in addition to their academic studies, are involved in high-level activities, particularly in sport, art or other competitive fields.

The aim is to promote a balance between university education and personal talent development, offering flexible tools and solutions that allow students to reconcile their studies with extra-academic commitments.

The programme may include, for example, personalised tutoring, flexibility in attendance and deadlines, individualised study plans, recognition of acquired skills, as well as the possibility of taking exams in a manner compatible with specific needs.
